Work Experience

Hagge Store · Freelance
May 2022 – Jul 2022

During two months I helped in the development of a sales website, sharing my graphic skills to develop product photos, logo and all graphic and creative material for the website.

BBB multimarcas · Holiday job
Octuber 2020 to January 2021

During the period I worked at the bbb I was able to improve my focus, logical thinking and communication with the client. A part of our work was to memorize the code of each group of products so that we could make the sum of the customer's purchase.

Internship Trainee
Nov 2018 – Apr 2020

The Basic Sanitation Company of the State of São Paulo – Sabesp is a Brazilian company that holds the concession of public basic sanitation services in the State of São Paulo. Its main shareholder is the government of the State of São Paulo, which controls the company's management.

I started my work journey at the age of 16 when I passed an intern competition at the Basic Sanitation company in the state of São Paulo. There I worked in administrative sectors and also in the telephone sector. I learned to develop my communication skills, teamwork, focus and also to work with spreadsheets.

Skills & Specialization

- CSS
- HTML
- JavaScript
- Design of photos for social midia and brands

Honors

Friday - Social technology project

In this project we had to create a solution to a problem in our city using technology. The Project: Creation of an organized and centralized system of information related to school subjects in order to help and motivate students to study for the entrance exam with quality and ease, free of charge. With this project my Group won first place.
